

OLD COMPUTERS TO GET RID OF? WE WANT THEM!

Yorkshire-based social enterprise SilenceBreakers re-utilises computers for its community media projects in disadvantaged communities. If you'd like to support our activities, simply give us your old computers! If you're an organisation, we'll even list you as a supporter on our website.

CLARENCE WORKS,
36 BURTON ROAD
SHEFFIELD
SOUTH YORKSHIRE
S3 8BX

Through our unique multimedia workshops, groups can learn about the power of media and engage in activities that meet the needs of each individual, including blogging, vlogging, podcasting, video-making, animation and more to give a voice to the voiceless and empower community
