## PRESS RELEASE

### Cambridge's Community Radio Station to broadcast live from the 2009 Cooperative Cambridge Folk Festival

**209radio on 105 FM** is very proud to announce that it will broadcast live from the 2009 Cooperative Cambridge Folk Festival.

Working in partnership with [Rockhopper Studios](#), **209radio will broadcast live on 105 FM** to the Cambridge City area and online via [209radio.co.uk](http://209radio.co.uk) at selected times (TBC) across the weekend and will be making fringe recordings with musicians and artists.

Rockhopper Studios first met with 209radio at the 2009 Strawberry Fair and they operate a professional standard recording studio with HD video capabilities, all in a shiny silver American Airstream caravan.

Rockhopper's David Hall said, on being involved in this year's Folk Fest:

*"Rockhopper Studios is delighted to be attending this year's Cambridge Folk Festival. The Rockhopper professional mobile recording studio is designed for such events, as it provides high quality recording facilities for bands and artists"*

Working with the blessing of [BBC Radio 2](#), 209radio staff and volunteers are naturally very excited to be part of one of Cambridge's premier summer events.

Station Manager Karl Hartland says:

*"This is a great opportunity to be involved in a world-class event, working with excellent people and facilities and we'd like to thank Cambridge City Council, the Festival team and Radio 2!"*

You can find out when 209radio will broadcast live from the site by going to the [station's schedule online here](#) and festival-goers will be welcome to come by and say hello...perhaps even get on air!

**ENDS**
